ISEA 2015 UPDATE

Rachel Clarke - Terra Incognita

TOP NEWS

ALGORAVE!

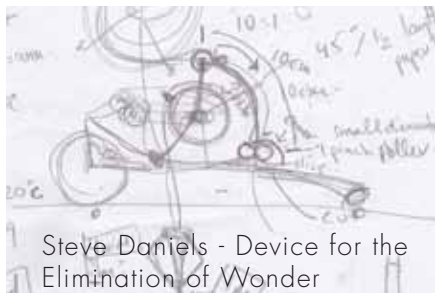

Dance to live-generated computer code as this truly unique party comes to Canada for the very first time.

Nicolas Sassoon - Mountains

BEYOND THE TREES

Look at nature through two different lenses in this unique aesthetic dialogue: WALLPAPER's digitally animated patterns and Emily Carr's nuanced brushstrokes of line and colour

Steve Daniels - Device for the Elimination of Wonder

SUBVERSION CONCEPTIONS

Across these academic papers, art and science will meet... and maybe become lovers as provability, mixed reality, and collaboration are explored.

NEW FORMS FESTIVAL

The nature of what it means to "make something" is changing. We are thrilled to team up with the New Forms Festival as we examine the intersection of art, information, and technology.
